## Kyle Trondle, FUEL Mi Leader

FUELED with a passion for the credit union industry, helping others, and poor puns, Kyle has found himself at home in an industry he never thought would be more than a stop in his career.

Kyle is the Marketing Director at T&I Credit Union where he has spent his seven years in the credit union industry building a marketing department. He has a Bachelor of Business Administration from Walsh College, is a Certified Credit Union Financial Counselor, and has recently completed his second year of CUNA Management School where he also served as his classes President.

Kyle joined FUELmi in 2020 and in 2022 became one of the four primary leaders. Additionally, Kyle has sat on the Michigan Credit Union foundation Board in a non-voting capacity since 2022. Staying on as the President of FUELmi, Kyle is excited to continue the growth of the group and young professionals across the state.

Kyle now works to balance what can only be described as an inability to say no when it comes to opportunities to work with others to make an impact in the community or industry, with the responsibilities of being a new dad. While many might think the biggest challenge he has faced in this new stage of life is a lack of sleep, it is really his incapableness to bring down the enthusiasm, excited, and general volume of his voice while at home.
